HOMES FOR OUR TROOPS: CPL MARK HAEGELE

We have had the privilege of working on a Homes for Our Troops house with Patriot Homes. The Bismarck home is currently being built for Cpl Mark Haegele & his wife, Kari. Homes for Our Troops is a privately funded, non profit organization "building specifically adapted, mortgage-free homes nationwide for the most severely injured Veterans from Iraq and Afghanistan."

In addition to donating our time & labor to the project, many of our wholesale distributors including SPS Company, Ferguson of Mandan and Western Steel and Plumbing have donated materials for the project.

If you would like to learn more about Homes for Our Troops or Cpl Mark Haegele, go to www.hfotusa.org. You can also follow the progress of Cpl Haegele's home on our Facebook page as well as Patriot Home's Facebook page.

"THINK CLEAN" TOILETS

Today toilets are being designed to look clean and flush clean because your bathroom can never be too clean!

- **Clean Functionality**—Companies like Kohler have been adding motion technology to their toilets to provide touchless flushing. Simply swipe your hand by the sensor to activate the flushing system! Now you can eliminate the amount of germs you pick up or leave behind.
- **Clean Design**—Many toilets now have "concealed trapway" options to provide a clean & stylish look and they eliminate dust collection on open trapways. One of our favorite concealed toilets is the Cadet 3 from American Standard.
- **Clean Flush** — Flushing systems like Toto's Double Cyclone or American Standard's PowerWash use the power of gravity and water flow to provide a good clean flush every time. This can help prevent "double flushes" and extend the length of time between cleanings.

Kohler Cimmaron Touchless Toilet

American Standard Cadet 3 Concealed Trapway Toilet

For more information on how to "Think Clean" about your toilets, contact **Lori** or **Julie** with **Northern Plains Plumbing** at (701) 222-2155.

CHOOSING A SHOWER HEAD

Overwhelmed by the shower head options out there? Delta has a feature on their website that allows you to search for your shower head based on how you will be using it. Choose from features like “Relaxing”, “Shaving legs” or Washing children or pets”. On the same page, you can also shop by the type of spray. Do you like soft & rain-like or hard & massaging? Use the code to the below to go straight to Delta’s website.

If you would like to purchase a new shower head, contact **Lori** or **Julie** with **Bath & Kitchen Consulting and Design** at (701) 222-2155.

PLUMBING SERVICE DEPARTMENT

HVAC Specials!

Honeywell Wi-Fi Stat

\$349.00 with Check & Service
(\$399.00 regular price)

Great for tech-minded homeowners to control from your smart phone or for the Snow Birds that want to check their system from another location.

ADAM'S HVAC SERVICE TIP OF THE MONTH

Save tasks that produce moisture, such as mopping, dishwashing and washing clothes, for early morning or night-time hours. The humidity from these activities can make for an uncomfortable home. On hot days, cook outdoors, use a microwave oven or prepare cold meals to avoid excess heat in the kitchen.

For more tips, contact Adam at 701-595-7167.

CLEVER CAR WAX USES

- After using your regular cleaner, apply wax to the sides of your tub annually (don't apply to the floor of the tub or it will be slippery!). We suggest a natural wax vs. a synthetic. Buff clean before the wax dries.
- Rub a thin layer onto a bathroom mirror and buff it clean for a fog-free mirror.
- Use on your bathroom & kitchen faucets to keep them shiny & spot free.
